

Rapid Tech Store

Slide 1: Title

Rapid Tech Store

The Next-Gen Global Distribution Platform for SaaS, AI & Future Software

Elavarasan Shankar

Founder & Chief Architect | Coimbatore, India

Slide 2: The Problem

A Broken Ecosystem

- Millions of SaaS, AI tools, plugins & add-ons are scattered on the web.
 - Developers struggle with distribution, payments & compliance.
 - Users lack a **single, trusted store** to discover & manage intelligent software.
-

Slide 3: The Solution

Rapid Tech Store = One Store to Unite Them All

- Web apps → AI copilots → Plugins → Future AGI apps
 - Developers submit → We convert, publish & monetize globally
 - Users get trust, seamless discovery, and automated payments
-

Slide 4: How It Works

- 1 Developer submits tool/software/plugin
 - 2 Conversion + compliance check
 - 3 Publish inside Rapid Tech Store
 - 4 User subscribes → Automated split & payouts
-

Slide 5: Value Proposition

For Developers

- 0% upfront cost → instant distribution
- 80% net revenue share (better than Play Store 65%)
- Automated GST/VAT/TDS compliance
- Global payments: Stripe, Razorpay, Payoneer

For Users

- One trusted marketplace for SaaS, AI, plugins, add-ons
 - Transparent pricing (base + tax)
 - Unified subscription management
-

Slide 6: Market Opportunity

- SaaS Market → \$200B+
- AI Software → \$126B (2025)
- App Economy → \$935B+
- Plugin & IDE Add-ons → \$50B+ emerging market
- Future AGI Economy → multi-trillion potential

 Rapid Tech Store = Positioned at the **intersection of SaaS + AI + Plugins + AGI**.

Slide 7: Business Model

- **Revenue Split (Base Amount):**
 - Developer → 80%
 - Rapid Tech Store → 10%
 - Gateway/Infra → up to 10%
- **Extra Streams:**
 - Premium placement
 - White-label mini-stores
 - Enterprise analytics

(Visual: Pie chart with 80/10/10 split)

Slide 8: Competitive Advantage

| Alternative | Weakness | Rapid Tech Store Strength |
|---------------------|--------------------------------|--------------------------------------|
| DIY Wrappers | Poor UX, no billing, no trust | Native feel, billing, trust |
| No-Code Platforms | Rebuild required | Convert existing apps fast |
| Google Play / Apple | Only apps, no plugins/AI focus | Universal: SaaS + AI + plugins + AGI |

Unique Position: First flagship **universal marketplace** for all intelligent software.

Slide 9: Roadmap

- **Phase 1 (Now):** SaaS + AI tools distribution (India + Stripe regions)
 - **Phase 2 (2Y):** Plugins, IDE add-ons, enterprise copilots
 - **Phase 3 (5Y):** AGI marketplace – autonomous intelligent apps
-

Slide 10: Team

Elavarasan Shankar – Founder & Chief Architect

- Built prototype
 - Execution knowledge
 - Lean execution → global scale vision
-

Slide 11: The Ask

Seeking Seed Investment

- Expand team
- Launch global flagship app
- Onboard 500+ SaaS & AI partners

We bring:

- De-risked prototype
 - Clear 80/10/10 model
 - Trillion-dollar global opportunity
-

Slide 12: Contact

Rapid Tech Store – Let's Build the Future of Software Distribution Together.
